Torn from the Inside Out Sara Niles 2014-03-03 Domestic Violence Narrative Memoir During a cold, unseasonal, February thunderstorm in 1987 Sara Niles was forced to flee for her life from a violent and abusive husband, with five small children in tow. Thomas Niles was an obsessed, homicidal psychopath, intent of killing Sara, and his own children, rather than let them go.The story of Sara Niles is more than one woman's story, it is the untold story of thousands of victims of domestic violence who did not survive. From the author:In the process of my evolution, I became a victim of domestic war, an emotional casualty for a major portion of my life, entwined, entrapped and emotionally involved, until I learned how to become free. Freedom has never been easily gained and has often come at high cost throughout history, but one thing I will always know is freedom is worth every fight, and all pain" *In every life there is a timeless and unforgettable minute or day that will be forever etched into our mind's memory. I have unforgettable memories that are so vivid that I see them in Technicolor, and I hear them with surround sound. Long after I am dead, I believe, I will remember. Two of those memories were the days of my escape to freedom...twice*Celebrate the power of the human spirit under fire: Torn From the Inside Out by Sara Niles Excerpt from chapter one: "Thunder rattled the window- panes two stories high, and lightning split the sky, it was as if the whole world was in turmoil that night. My nerves were keyed up as tight as piano strings, and in a sudden moment of stillness and silence, it felt as though my heartbeat was amplified ten times over. He was over a hundred pounds greater than I, and nearly a foot taller than I, and I knew he could move his muscled body into unbelievable sprints. Rain started falling in torrents as the storm raged outside. I was not afraid of the storms of nature; it was the storm inside this night that I knew I might not survive" February 13th, 1987, the night of Sara Niles' disappearance with her five small children. Waging War Wayne E. Lee 2015-09-01 Waging War: Conflict, Culture, and Innovation in World History provides a wide-ranging examination of war in human history, from the beginning of the species until the current rise of the so-called Islamic State. Although it covers many societies throughout time, the book does not attempt to tell all stories from all places, nor does it try to narrate "important" conflicts. Instead, author Wayne E. Lee describes the emergence of military innovations and systems, examining how they were created and then how they moved or affected other societies. These innovations are central to most historical narratives, including the development of social complexity, the rise of the state, the role of the steppe horseman, the spread of gunpowder, the rise of the west, the bureaucratization of military institutions, the industrial revolution and the rise of firepower, strategic bombing and nuclear weapons, and the creation of "people's war." **World War II** Evan Mawdsley 2020-05-31 This is a revised and updated edition of Evan Mawdsley's acclaimed global history of World War II. Beginning with the outbreak of the Sino-Japanese War, Evan Mawdsley shows how the war's origins lay in a conflict between the old international order and the new and traces its globalisation as it swept through Asia, Europe and the Middle East. The primary focus is on the war's military and strategic history, though also examines the political, economic, ideological and cultural factors which influenced the course of events. The war's consequences are examined too, not only in terms of the defeat of the Axis but also of the break-up of colonial empires and the beginning of the Cold War. Accessibly written and well-illustrated with maps and photographs, the book also includes insightful short studies of the figures, events and battles that shaped the war, as well as fully updated guides to further reading.

The Global Financial Database 2017 Asli Demirguc-Kunt 2018-04-19 In 2011 the World Bank—with funding from the Bill and Melinda Gates Foundation—launched the Global Findex database, the world's most comprehensive data set on how adults save, borrow, make payments, and manage risk. Drawing on survey data collected in collaboration with Gallup, Inc., the Global Findex database covers more than 140 economies around the world. The initial survey round was followed by a second one in 2014 and by a third in 2017. Compiled using nationally representative surveys of more than 150,000 adults age 15 and above in over 140 economies, The Global Findex Database 2017: Measuring Financial Inclusion and the Fintech Revolution includes updated indicators on access to and use of formal and informal financial services. It has additional data on the use of financial technology (or fintech), including the use of mobile phones and the Internet to conduct financial transactions. The data reveal opportunities to expand access to financial services among people who do not have an account—the unbanked—as well as to promote greater use of digital financial services among those who do have an account. The Global Findex database has become a mainstay of global efforts to promote financial inclusion. In addition to

being widely cited by scholars and development practitioners, Global Findex data are used to track progress toward the World Bank goal of Universal Financial Access by 2020 and the United Nations Sustainable Development Goals. The database, the full text of the report, and the underlying country-level data for all figures—along with the questionnaire, the survey methodology, and other relevant materials—are available at www.worldbank.org/globalfindex.

God's Endgame for Planet Earth Derek Mallhiot 2019-12-02 The Second Coming of Jesus Christ will be the most spectacular event in human history! In God's Endgame for Planet Earth, the events which precede, accompany, and come after the Second Coming are thoroughly examined in easy to understand plain language. Learn what the Bible actually says about the end-time events. Who are the Antichrist, the False Prophet, and the Kings from the East? Who are the Two Witnesses and the 144,000? What happens during the Great Tribulation? When does the Rapture happen? In the aftermath of the Battle of Armageddon, Jesus returns as the "Warrior Messiah" to rule the nations for 1,000 years. Jesus finds a world which has been devastated by war, famine, and disease -- in utter economic and environmental chaos. He literally returns to save mankind from extinction, and will rule by force to end war, injustice, and poverty. But the nations ultimately reject Christ's rule, and wage war against Him in the infamous Battle of Gog and Magog. So, is the Millennium really a time of peace and prosperity predicted by so many? What really happens during the Millennium? What is the purpose of the Millennium? Hemingway's Trail of the Novel a Farewell to Arms Aleksander Janković Potočnik 2013-02-08 Merriam Press Modern History 3. First Edition (February 2013). This work focuses on the period which has, due to its historic and epic dimensions, marked profoundly and quite possibly forever the valley of the Soca River, or Isonzo, as it is usually known in historic literature, speaking about the First World War and the Twelve Isonzo Battles. In this regard the area of the Kanal community has a special privilege to feature in history and literature not as only a site of fighting but also to be remembered in the words of one of the most famous writers of the 20th century, Ernest Hemingway. The problem, however, is that in his novel A Farewell to Arms Hemingway omitted most of the place names. Because of this hardly anybody realizes that the story takes place on what is now Slovenian soil, including the area of the town of Kanal. Many readers probably remember the city of Gorica as the place where the story begins and surely everybody remembers Milano as the place where the love between the two main characters flourished. But until recently, apart from a couple of enthusiastic locals, no one ever had the faintest idea that the most dramatic event of the novel takes place in Kanal. This event is the injury of Lieutenant Frederic Henry, the hero of the novel. 112 photos, 1 illustration, 1 map.

Frameworks of World History Stephen Morillo 2013 Frameworks of World History is a groundbreaking text that uses a clear and consistent analytical approach to studying world history. Author Stephen Morillo—an award-winning teacher with more than twenty-five years of experience teaching World History—frames the study of this vast subject around a model that shows students how to do world history and not just learn about it. While this globally organized text contains all of the essential information, it is the only book that does not just tell what happened, but also shows how and why it happened. Using a framework that examines networks, hierarchies, and culture in world history, Morillo presents a thesis and an argument that students—and instructors—can respond to.
