From Master of Alternate History Harry TurtledoveAs Britain faces the full fury of the Nazi war machine, hope comes in the form

of American volunteers called the Eagle Squadrons. As these units join their RAF cousins during the Battle of Britain, famous woman aviator Amelia Earhart (who survived her world-

circling flight) emerges as a rallying point for those willing to stand against fascism.

### **God's Long Summer**

Charles Marsh 2019-12-31

In the summer of 1964, the turmoil of the civil rights movement reached its peak in Mississippi, with activists across the political spectrum claiming that God was on their side in the struggle over racial justice. This was the summer when violence against blacks increased at an alarming rate and when the murder of three civil rights workers in Mississippi resulted in national media attention. Charles Marsh takes us back to this place and time, when the lives of activists on all sides of the civil rights issue converged and their images of God clashed. He weaves their voices into a gripping narrative: a Ku Klux Klansman, for example,

borrowing fiery language from the Bible to link attacks on blacks to his "priestly calling"; a middle-aged woman describes how the Gospel inspired her to rally other African Americans to fight peacefully for their dignity; a SNCC worker tells of harrowing encounters with angry white mobs and his pilgrimage toward a new racial spirituality called Black Power. Through these emotionally charged stories, Marsh invites us to consider the civil rights movement anew, in terms of religion as a powerful yet protean force driving social action. The book's central figures are Fannie Lou Hamer, who "worked for Jesus" in civil rights activism; Sam Bowers, the Imperial Wizard of the White Knights of the Ku Klux Klan of Mississippi;

William Douglas Hudgins, an influential white Baptist pastor and unofficial theologian of the "closed society"; Ed King, a white Methodist minister and Mississippi native who campaigned to integrate Protestant congregations; and Cleveland Sellers, a SNCC staff member turned black militant. Marsh focuses on the events and religious convictions that led each person into the political upheaval of 1964. He presents an unforgettable American social landscape, one that is by turns shameful and inspiring. In conclusion, Marsh suggests that it may be possible to sift among these narratives and lay the groundwork for a new thinking about racial reconciliation and the beloved community. He maintains that the person who embraces faith's life-affirming

energies will leave behind a most powerful legacy of social activism and compassion. *Through Darkest Europe* Harry Turtledove 2018-09-18 \*io9's New Sci-Fi and Fantasy Books You Need to Put On Your Radar This Fall From the modern master of alternate history and New York Times bestselling author Harry Turtledove, *Through Darkest Europe* envisions a world dominated by a prosperous and democratic Middle East—and under threat from the world's worst trouble spot. Senior investigator Khalid al-Zarzisi is a modern man, a product of the unsurpassed educational systems of North Africa and the Middle East. Liberal, tolerant, and above all rich, the countries and cultures of North Africa and the Middle East have dominated the globe for

centuries, from the Far East to the young nations of the Sunset Lands. But one region has festered for decades: Europe, whose despots and monarchs can barely contain the simmering anger of their people. From Ireland to Scandinavia, Italy to Spain, European fundamentalists have carried out assassinations, hijackings, and bombings on their own soil and elsewhere. Extremist fundamentalist leaders have begun calling for a "crusade", an obscure term from the mists of European history. Now Khalid has been sent to Rome, ground zero of backwater discontent. He and his partner Dawud have been tasked with figuring out how to protect the tinpot Grand Duke, the impoverished Pope, and the overall status quo, before European instability

starts overflowing into the First World. Then the bombs start to go off. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Beyond the Frontier* Jack Campbell 2012 Awakened from a cryogenic sleep to win the century-long conflict between the Alliance and the Syndicate Worlds, Captain John "Black Jack" Geary discovers that his loyalty is being questioned and suspects that he is being deliberately sent on a suicide mission.

**Into the Darkness** Harry Turtledove 2000-04-15 In this epic novel Harry Turtledove tells the story of an enormous cast of characters: soldiers and generals, washerwomen and scholars, peasants and diplomats. For all the world, highborn and low,

is being plunged by world war...into the darkness. When the Duke of Bari suddenly dies, the neighboring nation of Algarve, long seething over its defeat a generation ago in the Six Years' War, sees its chance to bring Bari into the fold...an action which the other countries surrounding Algarve cannot, by treaty, tolerate. As nation after nation declares war, a chain of treaties are invoked, ultimately bringing almost all the Powers of Derlavai into a war of unprecedented destructiveness. For modern magic is deadlier than in ears past. Trained flocks of dragons rain explosive fire down on defenseless cities. Massed infantry race from place to place along a network of ley-lines. Rival powers harness sea leviathans to help sabotage one

another's ships. The lights are going out all across Derlavai, and will not come back on in this lifetime. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Reprint. **Colonisation: Second Contact** Harry Turtledove 2012-08-30 Halfway through World War II aliens invaded Earth. They were repelled - but now, years later they are back . . . This is the first volume in the three-part Colonisation series, which follows the Worldwar trilogy. The whole sequence will conclude with Homeward Bound. Through a mixture of guts, ingenuity and

sheer luck, Earth managed to defend herself from her ruthless alien would-be conquerors. The 'Race' was fought to a bloody standstill despite its awe-inspiring weaponry and experience of merciless conquest. Thousands died from enemy fire, many more from the smouldering nuclear-scarred fall-out sites. An uneasy ceasefire reigns over this divided globe, as both sides strive to test their strength through more subtle techniques. But now, years later, this delicate equilibrium has been shattered. For the first assault was only an advance guard. Now, a whole new fleet orbits the planet. The real colonists have arrived, fresh and unwilling to accept old compromises. 'The wizard of If.' *Gunpowder Empire* Harry Turtledove 2010-04-01 In Harry Turtledove's *Gunpowder Empire*, Jeremy Solter is a teenager growing up in the late 21st century. During the school year, his family lives in Southern California--but during the summer the whole family lives and works on the frontier of the Roman Empire. Not the Roman Empire that fell centuries ago, but a Roman Empire that never fell: a parallel timeline, one of an infinity of possible worlds. For in our timeline, we now have the technology to move among these. Some are uninhabitable; some are ghastly, such as the one where Germany won World War II. But many are full of resources and raw materials that our world can use. So we send traders and businesspeople--but to keep the secret of

crosstime traffic to ourselves, these traders are trained, in whole-family groups, to pass as natives. But when Jeremy's mother gets sick--really sick, the kind you can't cure with antibiotics. Both parents duck out through the gateway for a quick visit to the doctor. But while they're gone, the gateways stop working. So do the communications links to their home timeline. The kids are on their own, and things are looking bad. The Lietuvans are invading. The city is besieged. The kids are doing their best to carry on business and act like everything's normal, but there's only so much you can do when cannonballs are crashing through your roof. And in the meantime, the city government has gotten suspicious, and is demanding a \*full\* report on how their

family does business, where they get their superior merchandise, why they want all that wheat ...exactly the questions they don't want to answer. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**The Span of Empire** Eric Flint 2016-09-06 A new novel in New York Times best seller Eric Flint's science fiction Jao Empire series. It has become clear to both the Jao and their human and Lleix partners that if they are going to defeat the Ekhat who have been terrorizing the galaxy for eons, they need more allies. To that end, Preceptor Ronz, guardian of Earth and greatest living strategist of the Jao, has harnessed the energy of Earth's humans to create and send out an exploration fleet under the command of

Caitlin Kralik. But after a long search, all the expedition has found are dead worlds and now-extinct intelligent species slaughtered by the genocidal Ekhat. Do they continue to search down the galactic arm in which Earth and the Jao worlds lie, or do they make an astounding leap in another direction? With friends like Gabe Tully, Tamt, Wrot and Caewithe Miller supporting her, Caitlin makes her decision. Meanwhile, the Ekhat, as murderous and destructive as they have always been, have a new generation of leaders growing into power who are even more implacable than those who have gone before them. The Ekhat have not forgotten the Jao, nor the damage they have done over the years to the Ekhat purpose. It's up to the Jao-human-Lleix confederation and the

new allies they make to survive the onslaught and turn the tables on the Ekhat. At the publisher's request, this title is sold without DRM (Digital Rights Management). *Days of Infamy* Harry Turtledove 2013-10-31 Japanese Zeros appear in the skies over Hawaii and descend upon Pearl Harbor in a devastating attack that cripples the U.S. Navy fleet and airfields. One after another, the islands are conquered and occupied by the Empire of the Sun. In the hands of a merciless enemy, American soldiers in POW camps suffer cruel punishment. Many older

Hawaiians of Japanese origin support the invaders - while some of their children want to fight back. But the domination of the Pacific and the submission of those who live there is merely the beginning. With the U.S. military on Hawaii completely subjugated, there is no one to stop the Japanese from using the islands' resources to launch an offensive against America's western coast...

### **Out of the Darkness**

Harry Turtledove  
2013-07-25 As the Derlavaian War rages into its last and greatest battles, allied nations manoeuvre for positions against each other in a postwar world. But before that time can come, the forces of Algarve, Unkerlant and their allies must clash a final time, countering army with army and

battle magic with ever-more-powerful battle magic. In the midst of it all, the people the war has battered and reshaped must struggle to face their greatest individual challenges, as loves are shattered and found, terrible crimes avenged...and some journeys end forever. And the end of the war may not bring peace...

### The Disunited States of America Harry Turtledove

2011-04-26 In Harry Turtledove's The Disunited States of America, Justin's having the worst trip ever. He and his mother are Time Traders, traveling undercover to different alternate realities of Earth so they can take valuable resources back to their own timeline. In some of these worlds, Germany won World War I or the world has been destroyed by nuclear warfare. Justin and his

mother are in an America that never became the United States: each state is like a country, and many of them are at war with each other. Their mission takes them to Virginia, which is on the verge of bloody violence with Ohio. Beckie is from California, and like the rest of her world, unaware that Time Traders exist. The only reason she's in small town Virginia is because her grandmother dragged her there to visit old relatives. Beckie is just as horrified by the violence and racism of the alternate Virginia as Justin is, and the two are drawn to one another. But when full-fledged war breaks out between the States, including a biologically designed plague, will either of them manage to get back home? Forget about home: Will they make it out alive? At

### **Darkness Descending**

Harry Turtledove

2007-04-01 Now

Turtledove returns to the story of a World War in a world where magic works, with this moving second volume. Algarvian soldiers corral Kaunians to send them west, towards Unkerlant, to work camps. The Kaunians left behind are worried about what the work camps might mean, but are assuaged by Algarvian lies. In Kuusamo, scholars race to find the relation between the laws of similarity and contagion. Rumors abound about the Algarvian work camps, rumors most cannot believe as true. But the mages know, for they can feel the loss of life in their very souls. Turtledove's cast

of characters in Darkness Descending takes on its own life as the reader sees the war from all sides and understands how the death and destruction benefits no one, not even the victors. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

### **The House of Daniel**

Harry Turtledove  
2016-04-19 From Harry Turtledove, "the Master of Alternate History," comes a tale of minor league baseball set in an alternate Great Depression America full of wild magic Since the Big Bubble popped in 1929, life in the United States hasn't been the same. Hotshot wizards will tell you nothing's really changed, but then again, hotshot wizards aren't looking for honest work in Enid, Oklahoma. No paying jobs

at the mill, because zombies will work for nothing. The diner on Main Street is seeing hard times as well, because a lot fewer folks can afford to fly carpets in from miles away. Jack Spivey's just another down-and-out trying to stay alive, doing a little of this and a little of that. Sometimes that means making a few bucks playing ball with the Enid Eagles, against teams from as many as two counties away. And sometimes it means roughing up rival thugs for Big Stu, the guy who calls the shots in Enid. But one day Jack knocks on the door of the person he's supposed to "deal with"--and realizes that he's not going to do any such thing to the young lady who answers. This means he needs to get out of the reach of Big Stu, who didn't get to where

he is by letting defiance go unpunished. Then the House of Daniel comes to town--a brash band of barnstormers who'll take on any team, and whose antics never fail to entertain. Against the odds Jack secures a berth with them. Now they're off to tour an America that's as shot through with magic as it is dead broke. Jack will never be the same--nor will baseball. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Settling Accounts Harry Turtledove 2005 In an alternate universe in which Japan rules the Pacific and Alaska is a Russian territory, Confederacy president Jake Featherston sends his planes to bomb Philadelphia and General George Patton drives his armored divisions north,

**Sentry Peak** Harry Turtledove 2000-09-01 THE STRANGEST CIVIL WAR NOVEL YOU EVER READ! When Avram became King of Detina, he declared he intended to liberate the blond serfs from their ties to the land. The northern provinces, where most of the serfs lived, would not accept his lordship. The hot north was a land of broad estates, whose noble overlords took the serfs' labor and gave back next to nothing. Those provinces left Detina, choosing Avram's cousin, Grand Duke Geoffrey, as their king in his place. Avram said he had inherited all of the kingdom, not just a part. He refused to let Geoffrey rule the north without a challenge. And

the southron provinces, full of merchants and smallholders stood solidly behind him. So he sent armies clad in gray against the north. Geoffrey raised his own army, and arrayed his men in blue made from the indigo much raised on northern estates to distinguish them from the southrons. Avram held the larger part of the kingdom, and the wealthier part, too. But Geoffrey's men were bolder soldiers. And the north, taken all in all, had better wizards than the southrons did. The war raged for almost three years, until Avram's General named Guildenstern and his great lieutenant, Doubting George, moved against the northern army under Count Thraxton the Braggart and his commander of unicorn-riders, Ned of the Forest, which held the town of Rising Rock,

close by Sentry Peak. . . . At the publisher's request, this title is sold without DRM (Digital Rights Management).  
**The Case of the Toxic Spell Dump** Harry Turtledove 2013-08-29  
David Fisher, an EPA (Environmental Protection Agency) bureaucrat, was not the stuff of which heroes are made. At least he hoped not. All he wanted was a good life with a good wife, and a chance to do his bit for society reviewing magical impact statements (like the one that assesses the effect on local non-life resulting from the introduction of leprechauns into Southern California, for example) and ensuring that various manufacturers of magical devices did not intentionally or otherwise foul the

environment with the sorcerous by-products of their trade. Indeed it would be hard to imagine a more regular and down to earth soul than that of David Fisher of the EPA. No hero he! Then one day David received a call from Washington to investigate a certain Toxic Spell Dump, and suddenly he is up to his neck in skullduggery and magic most foul. Some ancient deity, it seems, is attempting to reopen for business in the L.A. Basin, complete with human sacrifice (open up their hearts and let the sun shine in!) and the destruction of Western Civilization. All that stands in the way is David Fisher - and he's no hero. Until he has to be.

Turtledove 2000 Gerin the Fox, ruler of Fox Keep, finds his peaceful life turned upside down by the invading Gradi, the machinations of imperial forces out to re-annex the Northlands, and an uneasy alliance with an old foe.

**Departures** Harry Turtledove 1998-09-17 From the undisputed master of Alternate History comes an original collection of 20 provocative stories springing from the imaginative reinvention of history. Traveling down ancient roads and into far-off futures, Harry Turtledove poses the "what ifs" of history and arrives at some interesting conclusions.

*Much Fall of Blood*

Mercedes Lackey 2010-05-01 Prince Manfred and his mentor and bodyguard, the deadly warrior Erik, survived dangers and

enemies both natural and supernatural, and if they thought that their new mission was going to be anything but more of the same, they soon gave up on that hope.

Returning from Jerusalem, they and their escort of knights of the Holy Trinity are escorting an envoy of II Khan Mongol to the lands of the Golden Horde—between the Black Sea and the Carpathians, which happen to be eastern bastion against their old enemies, the demon Chernobog and his possessed puppet, the Jangellion.

Unfortunately, what began as a diplomatic mission leads to Manfred and his knights being caught up in an inter-clan civil war, rescuing a fugitive woman and her injured brother, and becoming involved in the problems of Prince Vlad, Duke of Valahia, who has been held as a hostage

by King Emeric of Hungary until freed by Countess Elizabeth Batholdy to use as bait to capture a group of nonhumans. Instead, the wolflike nonhumans, who masquerade as gypsies, free Prince Vlad, and help him to return to his homeland to raise revolt against Hungary and to renew age-old magics. Manfred and Erik are forced into an alliance of convenience between the Golden Horde and the ancient magical forces of Valahia, as directed by the troubled Vlad. The magic calls for blood and Vlad is deathly afraid of it<sup>3</sup>and at the same time, is irresistibly drawn toward it . . . changed by one small act. In an extraordinary saga of nations locked in war, master storyteller Harry Turtledove examines a very different World War II—one which erupts eleven months earlier, and over Czechoslovakia rather than Poland. Now comes the final installment in this landmark series. Hitler's Plan A was to win in a hurry, striking hard and deep into France. There was no Plan B. Now the war grinds on. Countries have been forced into strange alliances. The Nazis fortify thin lines with Hungarian and Romanian troops. England, finding its footing after the suspicious death of Winston Churchill and a coup d'état, fights back in Europe and on the seas of the North Atlantic. Jews fight on both sides of the war—in

secret in German uniform, openly in Spain, France, and Russia. Into the standoff come new killing tools, from tanks to bazookas. In the Pacific, Japan prepares bombs filled with macabre biological concoctions to be dropped on Hawaii. For the U.S., the only enemy is Japan, as there has been no casus belli for America in Europe. Then Hitler becomes desperate and declares war on the United States. But is it too late? His own people are rising up in revolt. The German military may have to put down the violence, even perhaps bomb its own cities. In this epic drama, real men and women are shaped by the carnage, and their individual acts in turn shape history. Drawing on the gritty, personal reality of war and on a cast of unforgettable

characters, Harry Turtledove has written an alternate history that intrigues, fascinates, and astounds. Praise for Last Orders “From our perspective seventy years later, we’re accustomed to thinking of WWII’s outcome as being inevitable. Not so, says [Harry Turtledove. . . . Disdaining broad brush strokes, Turtledove’s focus on the characters serves to fill out the big picture with patient, nitty-gritty detail. It’s all quite plausible. . . . Armchair warriors will have much to ponder.”—Kirkus Reviews Praise for Harry Turtledove “If you like alternate histories, you’re going to like this series a lot.”—The San Diego Union-Tribune “Turtledove is the standard-bearer for alternate history.”—USA

Today Coup d’Etat “This is what alternative history is all about.”—Historical Novel Society The Big Switch “The Hugo Award winner continues to delight in exploring the world of ‘what if?’”—Library Journal West and East “There’s plenty to satisfy fans of military strategy, tactics, and armaments.”—Publishers Weekly Hitler’s War “Turtledove is always good, but this return to World War II . . . is genuinely brilliant. . . . The characterizations in particular bring the book to extraordinary life.”—Booklist *Alpha and Omega* Harry Turtledove 2019-07-02 New York Times bestselling author Harry Turtledove reveals a new side of his potent imagination in a gripping speculative novel about the End of Days—and a discovery in the Middle East that

turns the world upside down. What would happen if the ancient prophecy of the End of Days came true? It is certainly the last thing Eric Katz, a secular archaeologist from Los Angeles, expects during what should be a routine dig in Jerusalem. But perhaps higher forces have something else in mind when a sign presaging the rising of the Third Temple is located in America, a dirty bomb is detonated in downtown Tel Aviv, and events conspire to place a team of archaeologists in the tunnels deep under the Temple Mount. There, Eric is witness to a discovery of such monumental proportions that nothing will ever be the same again. Harry Turtledove is the master at portraying ordinary people caught up in extraordinary events, and what is more

extraordinary than the incontrovertible proof that there truly is a higher force controlling human destiny? But as to what that force desires . . . well, that is the question.

*Into the Darkness* Harry Turtledove 1999 In this launch of a major new fantasy series, one of the most popular authors in the category weaves a tale of magic, dragons, and a world at war.

### **Give Me Back My Legions!**

Harry Turtledove  
2009-04-14 Bestselling author Harry Turtledove turns his attention to an epic battle that pits three Roman legions against Teutonic barbarians in a thrilling novel of Ancient Rome: *Give Me Back My Legions!* Publius Quinctilius Varus, a Roman politician, is summoned by the Emperor, Augustus Caesar. Given three legions and sent to the Roman frontier

east of the Rhine, his mission is to subdue the barbarous German tribes where others have failed, and bring their land fully under Rome's control. Arminius, a prince of the Cherusci, is playing a deadly game. He serves in the Roman army, gaining Roman citizenship and officer's rank, and learning the arts of war and policy as practiced by the Romans. What he learns is essential for the survival of Germany, for he must unite his people against Rome before they become enslaved by the Empire and lose their way of life forever. An epic battle is brewing, and these two men stand on opposite sides of what will forever be known as The Battle of the Teutoberg Forest—a ferocious, bloody clash that will change the course of history.

*Jaws of Darkness* Harry

Turtledove 2010-04-01  
Harry Turtledove's masterful story of a magical world's cataclysmic war—which began with *Into the Darkness*, *Darkness Descending*, *Through the Darkness*, and *Rulers of the Darkness*—continues in this, the fifth volume of the series: *Jaws of Darkness*. The grand conflict for control of the continent of Derlavai rages on, in a battle with all the drama and terror of the Second World War—only the bullets are beams of magical fire, the tanks and submarines are great lumbering beasts, and the fighters and bombers are dragons raining fire upon their targets. Yet hope may be dawning at last. The terrible onslaught of the conquering forces of Algarve—who power their battle magics with the life energy of their murdered victims—begins

to founder as it runs into Habbakuk: a sorcerous ship of ice used by embattled nations of Lagoas and Kuusamo to ferry their deadly dragons across the seas to strike at the very heart of Algarvian power. But though the tide has begun to turn, the conflict is far from over. The widely disdained Kaunians still struggle desperately to escape as the Algarvians kill them by the thousands-for life energy, but also simply for the crime of being Kaunian. And as the deaths of innocent civilians on both sides continue to feed the flames of war, those who have struggled to survive and preserve their freedom have only their passions to see them through. . . . *Prince of the North*  
Harry Turtledove  
2015-06-09 A great leader rises when forced to defend his troubled lands against an onslaught of monsters in the second book of this remarkable fantasy series featuring Gerin the Fox Peace in the North has been fragile and tentative in the five years since the terrible Werenight, when the light of four full moons transformed men into beasts. Now cut off completely from the Elabon Empire, the land is in violent dispute, squabbled over by minor barons hungry for greater power. Gerin the Fox is one of the few who stand firm against the encroaching chaos, but his own life has

been violently shaken, first by a heartless betrayal and then by the kidnapping of his young son. Having angered a vengeful deity, he cannot look to the gods for support. Yet it is Gerin to whom the people must turn when an earthquake tears their land open, undoing an ancient warding spell and releasing a host of ravaging beasts from the dark underground. The stunning sequel to *Werenight*, Hugo Award-winning author Harry Turtledove's *Prince of the North* is a magnificent work of fantasy fiction. The master builder of wondrous worlds and alternate histories works his literary sorcery once again in this richly imagined tale of war, magic, gods, and monsters.

**Rulers of the Darkness**

Harry Turtledove

2002-03-20 Beginning

with *Into the Darkness*, *Darkness Descending*, and *Through the Darkness*, bestselling author Harry Turtledove ("The master of alternative history"-Publishers Weekly) has been telling an epic tale: the story of a world war, comparable to the terrible world wars of our own 20th century, in a world where magic works. Imagine the drama and terror of the Second World War-only the bullets are beams of magical fire, the tanks are great lumbering beasts, and fighters and bombers are dragons raining fire upon their targets. Welcome to the world of the Derlavaian War, a world that is slowly but surely being conquered, mile by bloody mile, by the forces of the Algarvian empire . . . forces whose most terrible battle magics are powered by the slaughter of innocent people, the

Kaunians, whom Algarve-like much of the world-holds in disdain. In *Rulers of the Darkness*, the fourth volume of the series which began with *Into the Darkness*, the war for the continent of Derlavai builds toward its crescendo as the mages of Kuusamo, aided by their former rivals from Lagoas, work desperately to create a newer form of magic that will change the course of the war. But this is really a story of ordinary people-on all sides of the conflict-forced by fate to rise to their heroic limits . . . or sink to the level of their darker natures. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. *Stark's War* John G. Hemry 2000 With the United States ruling over the planet, a

*Hitler's War* Harry

Turtledove 2009-08-04 A stroke of the pen and history is changed. In 1938, British prime minister Neville Chamberlain, determined to avoid war, signed the Munich Accord, ceding part of Czechoslovakia to Hitler. But the following spring, Hitler snatched the rest of that country, and England, after a fatal act of appeasement, was fighting a war for which it was not prepared. Now, in this thrilling alternate history, another scenario is played out: What if Chamberlain had not signed the accord? In this action-packed chronicle of the war that might have been, Harry Turtledove uses dozens of points of view

to tell the story: from American marines serving in Japanese-occupied China and ragtag volunteers fighting in the Abraham Lincoln Battalion in Spain to an American woman desperately trying to escape Nazi-occupied territory—and witnessing the war from within the belly of the beast. A tale of powerful leaders and ordinary people, at once brilliantly imaginative and hugely entertaining, *Hitler's War* captures the beginning of a very different World War II—with a very different fate for our world today. BONUS: This edition contains an excerpt from Harry Turtledove's *The War that Came Early: West and East*.

*The Impeachment of Abraham Lincoln* Stephen L. Carter 2013 In an alternate history novel, Lincoln escapes

assassination by John Wilkes Booth only to face impeachment, and Abigail Canner, a young black woman involved in his defense, helps investigate the murder of the president's counsel.

Dystopian Alternate History: An ambitious feat of engineering and a continent in crisis  
For fans of Philip K. Dick's *The Man in the High Castle* and Stephen King's *11/22/63*, comes an epic saga by YouTuber Cody Franklin (*Alternate*

*History Hub*), with contributions from YouTuber Joseph Pimenti (*Real Life Lore*). In an alternate timeline, World War II never takes place. Instead, a plan is put into effect by Hitler and the Nazi party to drain the Mediterranean Sea. They promise fertile land, millions of jobs and endless energy. New land to be settled. Living space for a crowded continent. All of Europe came together and signed a treaty to realize this new world, it was called 'The Atlantropa Articles'. Nazism Survives in A New Europe: by promising to bring endless energy through hydro-electricity and employing millions to build the dams, fascism only cements itself as a mainstream ideology. Hitler is seen as a modern Napoleon, one of the greats for his time.

Nazism never disappears. The Reich Remains Eternal: Two millennia later, the Reich run the world. Aryans have become a race of their own, out numbering their neighbors and ruling with a messianic passion towards Hitler. Europe has been united under the banner of the swastika. The Sea Is Gone, the Promise Failed: But the plan of a fertile lush land was never realized. The project took decades longer than anticipated. By the time it is completed, what they find is a salty barren world. Now the Mediterranean Sea is a desert basin known only as the Kiln. Southern Europe has been abandoned. This is where Ansel's story begins. A story of discovery, lies and false prophets. The Atlantropa Articles is an astounding science fiction, alternate

history tale that will thrill and transport readers with its detailed world and startling intimacy. *The Man with the Iron Heart* Harry Turtledove 2008-07-22 What if V-E Day didn't end World War II in Europe? What if, instead, the Allies had to face a potent, even fanatical, postwar Nazi resistance? Such a movement, based in the fabled Alpine Redoubt, was in fact a real threat, ultimately neutralized by Germany's flagging resources and squabbling officials. But had SS Obergruppenführer Reinhard Heydrich, the notorious Man with the Iron Heart, not been assassinated in 1942, fate might have taken a different turn. We might likely have seen a German guerrilla war launched against the conquerors, presaging by more than half a century

the protracted conflict with an unrelenting enemy that now engulfs the United States and its allies in Iraq. How might today's clash of troops versus terrorists have played out in 1945? In this imagined world, Nazi forces resort to unconventional warfare, using the quick and dirty tactics of terrorism—booby traps, time bombs, mortar and rocket strikes in the night, assassinations, even kamikaze-style suicide attacks—to overturn what seemed to be a decisive Allied victory. In November 1945, a truck bomb blows up the Nuremberg Palace of Justice, where high-ranking Nazi officials are about to stand trial for war crimes. None of the accused are there when the bomb goes off, but their judges, all of them present and accounted for, are

annihilated. Worse acts of terrorism follow all over Europe. Suddenly the Allies—especially the United States—must battle an invisible enemy and sacrifice countless lives in a long, seemingly pointless, unwinnable conflict. On the home front, patriotism corrodes, political fortunes are made and lost in the face of an antiwar backlash, and a once-proud country wonders how the righteous fight for freedom overseas has collapsed into a hopeless quagmire. At once a novel of thrilling military suspense, intriguing alternate history, and profound insight into contemporary affairs, *The Man with the Iron Heart* is a tour de force by a storyteller of exceptional imaginative power.
