Grammar Express Basic with Answer Key Margaret Bonner 2004-07-23 Now there's a Grammar Express designed just for beginning and low-intermediate students! Appropriate for self-study or classroom use, Grammar Express Basic uses highly controlled vocabulary, abundant illustrations, and slower pacing to quickly bring students up to speed. The program's concise, four-page units present and practice grammar points in context, using topics of interest and relevance to learners. Clear grammar charts with explanations, examples, and usage notes illustrate how English speakers use each grammar point. A variety of contextualized exercises progress from simple to more challenging, while frequent opportunities for assessment keep readers on track for success. Additional support includes Appendices with helpful lists and information, an Answer Key, and a Glossary of grammar terms. Interactive CD-ROM provides additional practice including listening and speaking. Workbook extends the Student Book practice with two pages of additional exercises per unit. This two-volume series combines a concise, easy-to-follow format- two pages of presentation followed by two pages to practice – to quickly bring English language learners up to speed.

Fundamentals of Computer Programming with C# Svetlin Nakov 2013-09-01 The free book "Fundamentals of Computer Programming with C#" is a comprehensive computer programming tutorial that teaches programming, logical thinking, data structures and algorithms, problem solving and high quality code with lots of examples in C#. It starts with the first steps in programming and software development like variables, data types, conditional statements, loops and arrays and continues with other basic topics like methods, numeral systems, strings and string processing, exceptions, classes and objects. After the basics this fundamental programming book enters into more advanced programming topics like recursion, data structures (lists, trees, hash-tables and graphs), high-quality code, unit testing and refactoring, object-oriented principles (inheritance, abstraction, encapsulation and polymorphism) and their implementation the C# language. It also covers fundamental topics that each good developer should know like algorithm design, complexity of algorithms and problem solving. The book uses C# language and Visual Studio to illustrate the programming concepts and explains some C# / .NET specific technologies like lambda expressions, extension methods and LINQ. The book is written by a team of developers lead by Svetlin Nakov who has 20+ years practical software development experience. It teaches the major programming concepts and way of thinking needed to become a good software engineer and the C# language in the meantime. It is a great start for anyone who wants to become a skillful software engineer. The books does not teach technologies like databases, mobile and web development, but shows the true way to master the basics of programming regardless of the languages, technologies and tools. It is good for beginners and intermediate developers who want to put a solid base for a successful career in the software engineering industry. The book is accompanied by free video lessons, presentation slides and mind maps, as well as hundreds of exercises and live examples. Real Solution Depression Workbook Richard H. Pfeiffer 2005-06-30 La tercera entrega de la saga del comisario Bernal Se acercan las Navidades de 1981 y en un periódico madrileño de derechas no dejan de publicarse extraños mensajes con la clave MAGOS. La Secretaría de la Casa Real acaba convenciendo al comisario Luis Bernal, el Maigret de Madrid, de que se encargue del caso y proteja a la familia real, aunque investigando la nueva intentona golpista con la máxima discreción, habida cuenta de las personalidades implicadas. Al mismo tiempo, mientras Madrid se viste de gala para las fiestas navideñas, se descubren dos cadáveres, uno carbonizado junto al Palacio de la Granja y otro flotando en el Tajo..., por lo que el comisario habrá de echar mano de toda su paciencia y sagacidad para descubrir a los culpables. Entretejiendo hábilmente los detalles de la investigación forense y policial con precisas referencias políticas y geográficas y con el mundo de las tradiciones populares, Serafín logra con Golpe de Reyes una obra de intriga realmente apasionante.
