Involved Charles Bazerman 2015 Involved: Writing for College, Writing for Your Self helps students to understand their college experience as a way of advancing their own personal concerns and to draw substance from their reading and writing assignments. By enabling students to understand what it is they are being asked to write{u2014}from basic to complex communications{u2014}and how they can go about fulfilling those tasks meaningfully and successfully, this book helps students to develop themselves in all the ways the university offers. This edition of the book has been adapted from the print

edition, published in 1997 by Houghton Mifflin. Copyrighted materials primarily images and examples within the text have been removed from this edition. --

Google Apps Hacks Philipp Lenssen 2008 Can Google applications really become an alternative to the venerable Microsoft Office suite? Conventional wisdom may say no, but practical wisdom says otherwise. Right now, 100,000 small businesses are currently running trials of Google office applications. So are large corporations such as General Electric and Proctor & Gamble. Google Apps Hacks gets you in on the action with several ingenious ways to push Google's web, mobile, and desktop apps to the limit. The scores of clever hacks and workarounds in this book help you get more than the obvious out of a whole host of Google's web-based applications for word processing, spreadsheets, PowerPoint-style presentations, email, calendar, and more by giving you ways to exploit the suite's unique network functionality. You get plenty of ways to tinker with: Google Documents -- Share and edit documents with others in real time, view them on the run with Google Docs mobile service, and use Google Notebook for web research Google Spreadsheets -- Add real-time data to spreadsheets, and generate charts and tables you can embed in web pages Google Presentations -- View them on a mobile phone and save them as video Gmail -- Send email to and from a mobile phone, adjust Gmail's layout with a style sheet, and a lot more iGoogle -- Create your own gadgets, program a screenscraper, add Flash games, and more Google Calendar -- Add web content events, public calendars, and your Outlook Calendar to this application Google Reader, Google Maps, Google Earth, and Google SketchUp: the new 3D modeling software tool Picasa, YouTube, and Google Video -- discover new ways to customize and use these media management apps In addition, Google Apps Hacks outlines ways you can create a simple web site with nothing but Google tools, including Page Creator, Blogger, Google Analytics, and content from other Google

apps. This amazing collection just might convince you that Microsoft Office is not the last word in business applications. The price is certainly right.
